

PEDAGOGICAL UNIVERSITY of KRAKOW

Pedagogical University of Krakow as part of the Krakow Academic Centre ●

Krakow has more than 650 years of university tradition, over 20 higher education institutions, almost 200,000 students, numerous libraries, laboratories, as well as outstanding academic staff and unique study programmes. All of this motivates young people from all over the world to choose Krakow as the city to study in. Currently, students account for almost a quarter of the entire city's population.

Pedagogical University of Krakow – internationalisation

Over **200** international students from all around the world are welcome to study for a semester or a year within the Erasmus+programme. This international scheme allows incoming students to take modules at the Pedagogical University of Krakow that transfer back and count towards their degree at home institution.

Thanks to foreign studies under **the Erasmus+ programme**, students can improve their communication, language and intercultural skills, as well as gain soft skills that are very much appreciated by employers (communication, assertiveness, creativity, resistance to stress, leadership skills, the ability to cooperate with other people and work independently as well as time management).

International Cooperation

The University cooperates with nearly **300** universities all EU member and associated countries, as well as from Albania, Armenia, Belarus, Georgia, India, Iran, Israel, Jordan, Cambodia, Kazakhstan, Mexico, Moldova, Russia, South Africa, El Salvador, Uganda, USA, Uzbekistan and Vietnam.

Double-diploma Programmes

Our students are given an opportunity to obtain diplomas from two different universities at the same time.

Currently, the following universities are our “double-diploma” partners:

- Karlova Univerzita
- Université Grenoble-Alpes (UGA)
- École supérieure d'art des Pyrénées
- Moscow State Pedagogical University
- Oles Honchar Dnipro National University
- National Pedagogical Dragomanov University

Students coming to the University as part of international exchange are offered a wide range of support including:

- Course of Polish language, culture, and history
- Orientation week for new incoming students
- “Buddies” scheme
- Assistance in study issues (e.g., course timetables, attendance, coursework, libraries), as much as in everyday life (e.g., public transport, medical service, shopping, leisure)
- Accommodation on the university’s premises
- To libraries, laboratories, sport facilities, etc.

Useful information

Legalisation of stay

Foreign students from outside the EU should have a visa authorising them to enter the territory of Poland. The visa can be obtained at the Consulate of the Republic of Poland in the country of origin on the basis of a decision on admission to the University. For details, please visit www.msz.gov.pl or the Polish diplomatic mission in your place of residence. The formalities related to the legalisation of stay in the territory of the Republic of Poland can be settled at the Citizen and Foreigner Affairs Department of the Malopolska Voivodeship Office in Krakow.

Health insurance

Foreign students must have valid health insurance for the duration of their study.

Accommodation

The University offers limited accommodation in its dormitories.
